

VISITATION FUN!

Now that you are a square dancer, you need to get out there and **DANCE!** There is no better way to do this than to visit other clubs. Not only will visiting other clubs give you many opportunities to dance and become a more confident dancer, but it also allows you to meet new people, hear a variety of callers, visit different towns and cities, experience the personality of each club, and get to know your home club members better through traveling to and from dances together.

Games, Contests & Rewards

Banner Stealing -

Purpose: Visit other clubs and have that club visit yours. Every club has a banner that is usually displayed at its dances. They also have "traveling banners", a smaller version of the club banner that other clubs can "steal." To "steal" another club's banner, the visiting club must have a minimum of 8 dancers attend a dance given by another club. The club's banner is given with the understanding that, sometime in the future, the club giving up the banner will "steal" their banner back by taking 8 or more club members to the other club's dance.

Visitation Award Program-

Purpose: to encourage ASRDA inter-club visitation.

- A visiting club needs four or more dancers attending another ASRDA club's dance to obtain a "*Visitation Certificate*" from the visited club.

- Each club saves all the visitation certificates obtained from July - April and then turns them into the person in charge of the Visitation Awards Program.

- The club that has collected the most certificates showing the greatest number of visiting dancers during the ten-month period, wins \$200.00 from ASRDA. The winner is announced at the annual Mid-Tex Festival.

VISITATION CERTIFICATE

Certificate for Attending Our Club Dance with
4 or More Dancers
